UNIVERSITY OF  
WARSAW

INTERNATIONAL STUDIES IN  
PHILOSOPHY (2022 - 2019 & 2016 -  
2012)

## SUMMARY

I graduated with a degree in International Studies in Philosophy. Apart from philosophy and literature, my interests are music and computer games.

## WORK EXPERIENCE

### LIONBRIDGE

I was a **game functional tester**. Project was managed through Jira and held in English (2024 March–2023 September)

### VEEVA

As a **data steward**, I was responsible for managing, protecting, and ensuring the quality of healthcare-related data to support informed marketing decisions, regulatory compliance, and privacy. (2022 XII–VIII)

### MAJA

Using my translation and logistics skills, I focused on working on the effectiveness of communication with the client and **administrative** coordination. (2020 I–2017 XII)

### MDDV

I **transcribed** and **translated** podcasts about program development. (2019 XII–VI)

### EL DEYMA

I was **promoting** a music video for a music group. I was responsible for contact with the media and festivals, I managed social media. (2017–2016)

### BOOKSTORE TARABUK

As a **bookseller**, I entered deliveries into the "Homer" computer system, took care of the display of books and advised customers. (2014–2013)

## PROEJCTS

### SYRENKA GAMES

I co-created a **game** for the Nintendo Switch in Unity (development and implementation of UI, game levels, documentation, gameplay). The game is in the process of being published. (2023 XII - I)
